

# NON-DEGREE STUDY

---

## Non-Degree Students

Qualified individuals who hold a bachelor's degree in science, have a demonstrated interest in a career in research, and wish to take courses at the graduate level without enrolling in an MS or PhD degree program may be admitted to the GSBS as non-degree students. No commitment to eventual admission to a degree program is implied by admission as a non-degree student. Non-degree students will pay regular (per credit) tuition and will receive transcripts indicating the appropriate grades and credit for work completed. Non-degree students will not be eligible for GSBS-based or sponsored financial aid, but may be eligible for other types of financial aid from UTHealth Houston. Further information about non-degree study is included in the section on admission.
