

NEUROLOGY (NEUR)

Course descriptions in school catalogs and the Course Search (<https://catalog.uth.edu/course-search/>) are correct at the time of publication. See myUTH (<https://uthidp.uth.edu/nidp/saml2/sso/?id=Campus-Affiliate-LOA2-DUO&sid=0&option=credential&sid=0>) for more recent course information and to register for courses.

NEUR 3000 Required Neurology

The Neurology clerkship is a four week rotation designed to educate students to take a relevant neurologic history, perform a comprehensive neurologic exam and based on their findings, effectively localize the lesion or determine the relevant neuroanatomical correlation. Students will have an opportunity to perform a neurologic exam on a standardized patient, encounter common neurologic emergencies in the simulation lab and repeatedly apply their knowledge in both inpatient and outpatient settings where they will encounter a broad range of neurologic diagnoses.
